U.S. VETERAN OWNED	CAGE 0GQQ6	USA + PHILIPPINES

MOVE. BUILD. SUSTAIN.

01 Integrated logistics

Coordinated sea, air, and land movement.

- Project cargo, dangerous & specialized goods
- Warehousing, supply chains & littoral logistics

02 Mission-critical construction

Built around project-specific safety, security, and certification requirements.

- Underground fuel tanks & ammunition depots
- HAZMAT bunkers; secure, controlled-access R&D

03 Port & airfield operations

Operational support at critical maritime and aviation gateways.

- Maritime ports, vessel support & cargo handling
- Dornier: airport operations, cargo, maintenance & hangars

04 Infrastructure acquisition

Investment and partnerships supporting regional mobility and sustainment.

- Maritime ports, terminals & airports
- Fuel storage & aviation infrastructure

05 Distributed power

Independent generation for remote locations and essential infrastructure.

- Mini power plants & modular generation
- Stand-alone generators; temporary & continuity power

06 Maritime & aircraft recovery

Asset recovery planning, handling, and onward logistics.

- Maritime recovery by Trident Northstar
- Aircraft recovery with Dornier Technology

07 Research & technology

Rocket / solid-propellant R&D; logistics software.

- **TACTLINE** (Tactical Line): encrypted communications
  Voice & video calls, chat, group chats & file sharing

Developed by **Trident Northstar Aerospace & Technology LLC**. Available exclusively through **Trident Northstar LLC**.
