

Forward Operating Solutions.

Integrated logistics, critical infrastructure, and operational support for defense, government, and commercial customers. American leadership. Global reach.

U.S. VETERAN OWNED

CAGE 0GQQ6

USA + PHILIPPINES

MOVE. BUILD. SUSTAIN.

01 Integrated logistics

Coordinated sea, air, and land movement.

- Project cargo, dangerous & specialized goods
- Warehousing, supply chains & littoral logistics

03 Port & airfield operations

Operational support at critical maritime and aviation gateways.

- Maritime ports, vessel support & cargo handling
- Dornier: airport operations, cargo, maintenance & hangars

05 Distributed power

Independent generation for remote sites and essential infrastructure, with CAT as our mini power plant partner.

- Mini power plants & modular generation
- Stand-alone generators; temporary & continuity power

07 Research & technology

Rocket / solid-propellant R&D; logistics software.

- **TACTLINE** (Tactical Line): encrypted communications
Voice & video calls, chat, group chats & file sharing

Developed by **Trident Northstar Aerospace & Technology LLC**. Available exclusively through **Trident Northstar LLC**.

02 Mission-critical construction

Project-specific safety, security, and certification.

- Underground fuel tanks & ammunition depots
- HAZMAT bunkers; secure, controlled-access R&D
- Prefab construction for rapid deployment

04 Infrastructure acquisition

Investment and partnerships supporting regional mobility and sustainment.

- Maritime ports, terminals & airports
- Fuel storage & aviation infrastructure

06 Maritime & aircraft recovery

Asset recovery planning, handling, and onward logistics.

- Maritime recovery by Trident Northstar
- Aircraft recovery with Dornier Technology

U.S. HEADQUARTERS

Las Vegas, Nevada

3501 Spotted Sandpiper St
Las Vegas, NV 89122, United States

Also in San Jose, California
and Quezon City, Philippines
